Project Title

Subtitle

Authors: Statistics and Data Science

Abstract

A high-level, abstract overview of the project.

Project Description

This section contains a general overview of the project.

Introduction

Background info, long-winded story, etc.

Driving Question

The central question you want your project to answer.

Environmental Scan

If you have references to similar projects or research, put them here.

Methods

How are you going to accomplish your project's goal?

Required Materials

R? Python? Other fun software?

Expected Output

What will your project yield? Both individual results from the method and what your final deliverable will be.

Conclusion

Expect to repeat yourself here. Most people will probably only skim the abstract, intro, and conclusion, so if you have any important takeaways, mention them here!
